INTRODUCTION

THE SUNBED™ IS DESIGNED AND MANUFACTURED FOR INSTALLATION AND USE ON LEVEL SURFACES ONLY. THE SUNBED™ IS FOR LEISURE PURPOSES ONLY AND IS NEVER TO BE USED AS A POOL ENTRY DEVICE OF ANY KIND. PROPER AND COMPLETE ASSEMBLY, USE AND SUPERVISION IS ESSENTIAL FOR PROPER OPERATION AND TO REDUCE THE RISK OF ACCIDENT OR INJURY.

IMPORTANT

Check entire boxes and inside all packing materials for parts. Before beginning assembly, read the instructions and identify parts using the figures and parts listed in this document. It is critical that all parts be carefully inspected by the installer prior to installation to ensure that no damage occurred in transit and that a damaged part is not used. Proper installation cannot be overstressed, as an improper installation voids S.R. Smith's warranty and may affect the safety of the user.

ASSEMBLY INSTRUCTIONS:

1. Lay SUNBED on its top so that leg sockets are exposed (see FIG. 1). To prevent damage to the sunbed, it is recommended that the sunbed be laid on top of the cardboard packaging during assembly.
2. Insert a SUNBED Leg (item no. 1) into each of the Leg Sockets (detail A).
3. To secure the legs, align the pre-drilled holes in the legs with the pre-drilled holes in the leg sockets and insert a screw (item no. 3) through the aligned holes.
4. After all legs have been secured, firmly press a White Rubber Bumper (item no. 2) onto the end of each leg.
5. Finally, turn the SUNBED upright on its legs. To avoid injury or damage to the SUNBED, it is recommended to use at least two people when moving the SUNBED.

NOTE: If owner/user fails to complete these instructions in their entirety as specified above, it may result in injury to owner/users and/or could cause damage to the SUNBED. S.R. Smith is not responsible for any failure to comply with instructions or the results of such failures.
